KINGSVILLE.

It is rumored that two and perhaps three weddings will take place shortly, in and about the town.

W. L. McCarty, our eminently successful merchant, will can everything in the canning line this season.

Merdy Francis has fresh fish for sale every Saturday, at his old stand in the basement of C. G. Baker's store-room.

Mrs. Milford Smith, formerly of this place, but now living at Tateville, is the mother of an infant weighing but 11 pounds.

Messrs. G. A. and Wallace Walter have our sympathy in their recent bereavement. Mrs. Little Chawk and three interesting children are about to locate in Somerset.

Wm King, a young man from Oldham county, has purchased of George Walls a small farm for \$250 and his sister, Miss King, who is a teacher in the Lexington Reform School, will join him soon in their new home.

Miss Florence Carson, of McKinney, was the guest of relatives here. Mrs. W. L. McCarty and little son, Mike, are with Dr. W. B. O'Bannon and family at Stanford, where Master Mike is receiving medical attention.

Mrs. W. R. Cundiff, who recently sustained a broken limb, near Norwood, is improving as rapidly as could be expected. Mr. Cundiff has resumed his duties at the depot and his substitute, Mr. Wise, has returned to High Bridge. J. Everard Creighton is working nights at the Moreland office.

We understand that the Presbyterians really desire to sell their church here as the congregation is not sufficiently large to justify maintaining the church. Why not buy it for a library building and call upon Mr. Carnegie to help us establish a public library? It is what our town needs more than anything, except rural free delivery. "R. F. D." would be the easiest thing in the world to obtain if our people would only make the slightest effort in the right direction, and everyone must acknowledge that it would at least be quite as convenient as the telephone system.

During the absence of your correspondent in Somerset, an episode transpired near our town. While Mr. Griffin, sexton of the Methodist church, was lighting the lamps for religious service, a bullet or stone crashed through a window, striking the lamp chimney in his hand and shattering the glass into a thousand pieces. Mr. Griffin, afterwards in telling of the incident, said that something struck him—he was not certain whether it was a bullet, broken glass or a stone, as he immediately decamped from the building and made good his escape. The perpetrator was not certainly known until Cal. Padgett confessed, was duly fined and is serving time in jail.

Miss Sella Isaacs, of Woodstock, will close her successful subscription school Friday. Dr. J. W. Acton is very sick—threatened with pneumonia. Mrs. John Lear and pretty little daughter, Clyde, who have been the guests of relatives at this place, Danville and Lebanon, have returned to Arkan, Kansas. Champ Murphy, of this place, accompanied his aunt, Mrs. Lear, to her home in Kansas, to remain indefinitely.

Mr. F. B. Walter, of Lancaster, was here last week to practice his profession. Little Miss Eva Young, of Highland, is with Mrs. J. W. Acton. It is reported that Wallace Walter and family contemplate moving to Stanford. Lou Rigney and George Reynolds, two of our bright youths, are working at Somerset. One of the brightest and most polite little clerks in our town is Edgar Rigney, who is employed by Walter Bros. He is about 13 and as quick and efficient as many much older and more experienced.

Having always taken a delight in newspapers, while in Somerset, we took occasion to call at the Journal office, where we were highly entertained by that charming editor and pleasant gentleman, Mr. F. J. Campbell. During printing hours, Mr. Campbell showed us the little engine, which he says is his "pride." It is like a miniature locomotive and we thought, very complete, and we know that it helps to print a splendid country paper. Our visit to Somerset was an exceedingly pleasant one. One could scarcely have a dull time in that sensational little city even in the Lenten season. Mr. W. R. Gooch, formerly of McKinney, is meeting with success in the jewelry business. The millinery openings in Somerset were elaborate and there was an elegant display of Easter bonnets, which reminds us, by the way, that our milliners seem to have forgotten the arrival of Spring, or can it be that Kingsville is to be deprived of a milliner, as well as a mantua-maker?

CAUTION!

This is not a gentle word—but when you think how liable you are to purchase for 75¢ the only remedy universally known and a remedy that has had the largest sale of any medicine in the world since 1868 for the cure and treatment of Consumption and Throat and Lung trouble without losing its great popularity all these years, you will be thankful we called your attention to Boschee's German Syrup. There are so many ordinary cough remedies made by druggists, and others that are cheap and good for light colds perhaps, but for severe Coughs, Bronchitis, Croup—and especially for Consumption, where there is difficult expectoration and coughing during the nights and mornings, there is nothing like German Syrup. Sold by all druggists in the civilized world. G. G. Green, Woodbury, N. J. Penny's Drug Store.

MIDDLEBURG.

School at Middleburg Normal College is progressing nicely, though the attendance has somewhat dwindled with the advent of Spring.

A Sunday School convention was held at the Baptist church at Liberty Sunday, a good crowd being present. Rev. J. B. Ferrell, of this place, is conducting a series of revival services at that place.

On account of the inclemency of the weather, the ladies of the Christian church declared off the supper which was to have been given at the college Friday night last, until next Saturday night, the 5th.

J. C. Collinsworth, formerly in the mercantile business at this place, is now traveling for the Equitable Insurance Company. Archie Riffe, of McKinney, lately returned from the Philippines, is now living on the C. S. Quite a number of Casey boys are at Burnside and Wayne county points.

Green River was on a rampage right Friday night when it was higher than it has been for several years. The loss to farmers in the bottoms, in fencing and washouts, is considerable. Two large stone pillars under the grocery of G. R. Jeter were washed away. Knob Lick Creek at Yosemite was a veritable torrent and did considerable damage. The West end of the old trestle was taken away, much to the inconvenience of the daily pedestrian.

Spurgeon Sympson is spending a few days in Louisville and Kuttawa. A. G. Hall and L. E. Lanham were in Stanford. Miss Sadie Taylor, of Danville, spent Easter with friends and relatives here. Edgar Miller was in Somerset and Burnside last week. McD. Royal has returned from Louisville; his niece, Miss Marples, accompanying him. V. R. Coleman, who is holding down a lucrative position with the C. & O. at Thurmond, W. Va., is at home for a few days. Miss Lelia Watkins is visiting relatives in Indiana. Miss Eta Watkins is visiting at Kingsville.

This will be our last communication to the I. J. from Middleburg for awhile at least. These lines are hurriedly jotted down in the Journal office at Somerset from notes we made before leaving home Tuesday. The writer has accepted position on the Somerset Journal as manager of circulation and advertising, though we are not limited to that sphere of work, but assist in every detail from kindling the fire and mixing paste to folding papers and correcting proof sheets. I have been connected with the I. J. reporterly since my 15th year and will continue to drop you a few lines as I find leisure to do so.

Terrible Blizzard.

SENECA, SOUTH DAKOTA, Mar. 30.—The first day of March a blizzard commenced and lasted 48 hours, but not a great deal of damage was done. It drove off 600 head of cattle for a man named Coleman. He let them out to water and the winds drove them 25 or 30 miles off. He got them all back but two and the last blizzard struck him again. Out of the 600 he has 150 left. He found 117 in a lake. Some standing up dead in the water and the ice frozen around them and some with their heads just out of the water dead. The balance were found out on the prairie. This happened 13 miles North of Seneca. Another man East of Coleman had 25 head lost. All dead. South of Seneca Mrs. Swan lost 125 in the two blizzards. A man named Denton lost 100 and there are two other ranches that I have not heard from. Another man had 2,400 head of sheep; he has 1,200 left. The last blizzard lasted 5 hours. All men that had good barns and plenty feed lost none. Six wagon loads of hides came into Seneca Friday and Saturday and still that is not all. Let the INTERIOR JOURNAL come on.

GOOD FOR RHEUMATISM.

Last fall I was taken with a severe attack of muscular rheumatism which gave me great pain and annoyance. After trying several prescriptions and rheumatic cures, I decided to use Chamberlain's Pain Balm, which I had seen advertised in the South Jerseyman. After two applications of this remedy I was much better, and after using one bottle, was completely cured. Sallie Harris, Salem, N. J. For sale by Craig & Hocker, druggists.

SAVE THE LOVED ONES!

Mrs. Mary A. Vile, Newcastle, Colo., writes: "I believe Ballard's Horehound Syrup is superior to any other cough medicine and will do all that is claimed for it, and it is so pleasant to take. My little girl wants to take it when she has no need for it." Ballard's Horehound Syrup is the great cure for all pulmonary ailments. 25c, 50c and \$1 at Penny's Drug Store.

Woolford officiating and the interment followed in Lancaster Cemetery. A husband, four daughters and two sons are left to mourn her loss.

Mr. Hamlet Brown died at the home of Mrs. P. D. Gill Wednesday morning, after an illness of three months from consumption and grip. BETTER THAN PILLS.

The question has been asked "In what way are Chamberlain's Stomach and Liver Tablets superior to pills?" Our answer is: They are easier and more pleasant to take, more mild and gentle in effect and more reliable, as they can always be depended upon. Then they cleanse and invigorate the stomach and leave the bowels in a natural condition, while pills are more harsh in effect and their use is often followed by constipation. WANTS HENNINGER—Wayne county wants H. H. Henninger to make the race for State treasurer. We claim that he is a true democrat and well qualified to fill the office. All that I can do is to speak of his honesty, capacity and fidelity. Earnestly his friend. Livingston Cooper.

Dean Baker P. Lee, of Christ church Cathedral, Lexington was made chaplain of the Second Kentucky Regiment of State guards, taking the place of Rutherford Douglass, of Nicholasville, resigned.

E. C. WALTON.

W. P. WALTON.

Is a candidate for Railroad Commissioner for the 2d District, subject to the will of the democracy.

H. H. HENNINGER,

Of Wayne County, is a candidate for State Treasurer, subject to the action of the Democratic party.

ENOUGH, and doubtless more than enough, has been said about the election on the bond question to be held tomorrow and it is far from our purpose to punish the good people of this, the best of all towns further on the subject. Personally we are not in favor of the proposition and propose to express our sentiments that way on the morrow, D. V. Friendly, equally to the pros and cons of the question, we admonish them not to get too warm. The question to be decided is one of much import, but then we can all live peacefully and happily in Stanford this glorious spring time, whether the bonds are voted or not, or whether school keeps or not, as far as that is concerned. This is no fight between parties nor clash between armies, but merely the settlement of a question in a way provided by the law. Therefore tear not your nether garments, but vote in a manly, decent way your rights and sentiments whether you are for the bond issue or against it.

THE announcement of Mr. H. H. Henninger, of Monticello, for State treasurer, appears elsewhere. We do not know him personally but if half what his friends say of him is true, Mr. Henninger would make an ideal officer. As sheriff of Wayne county he did his duty on all occasions and so endeared himself to the people by his high regard of the law and the fulfillment of the pledge he had made that they naturally want to see him go higher. He is a democrat in all the word implies, is a gentleman under any and all circumstances and has lots of friends who will use their every effort to help him into an office for which they believe him so eminently fitted.

THE average traveler finds more comforts on a railway train than he has at home, and these are constantly increasing. For example, we read of a Western railroad which is now equipping a train at a cost about equal to that of a first-class hotel, with buffet cars, bath rooms, barber shop, library, smoking cars, drawing room, sleeping and observation coaches. These we have already attained, but this train will also have telephone connection with local and long distance services, and it is expected that before long a passenger may call up any number anywhere and hold a conversation while the train is in motion.

CLARENCE COLEMAN, who has been a contributor to these columns for the past six or eight years and who has written letters to it from every point of the globe, has accepted a position with that good paper, the Somerset Journal. He will travel for the Journal and his letters to it from the various sections he will visit may be looked forward to with pleasure. Mr. Coleman is a bright young man and will make his mark some day. We congratulate Brer. Campbell on securing his services.

SORE because the Legislature made no appropriation, the Louisville Times says in its bitterness and gall: If by individual and private enterprise there is to be a Kentucky building and exhibit at the Louisiana Purchase Exposition, there must be no time lost. Perhaps it would be well to procure as one of the exhibits, the Legislature which failed to provide for show of the State's other and better products. An offer of free transportation would catch 'em.

THE Lancaster Record is 12 years old and Brer Landrum has been at the helm seven years. Kentucky has few cleaner or better papers and here's hoping that it may live long and prosper and that its clever editor may some day get rich enough to buy a share or so of stock in Lincoln county's oil wells.

FRiends of the late Gov. Altgeld, who died in poverty, have inaugurated a movement to raise a purse of \$20,000 for his widow, so that she may be free from any financial embarrassment during the remainder of her life.

A SOUTH KENTUCKY exchange makes this "unkindest cut of all" at "McKinley" Mose: "So far as the 3rd Congressional district is at present concerned, it is a clear case of taxation without representation."

POLITICAL.

Gov. Beckham will not attend the Charleston Exposition on Kentucky Day.

Judge James D. White, of the First appellate district, has formally announced his candidacy for re-election. The president appointed Brig. Gen. R. P. Hughes to be made a major general, and Cols. De Russy, Burt and Sheridan to be brigadier generals.

Senator Deboe called on the president to register a complaint against John R. Proctor, civil service commissioner, who, the Senator claims, is taking too active a part in Kentucky political appointments.

TO THE TAXPAYERS.

A circular was issued a few days ago showing that it would be necessary to increase the rate of taxation for school purposes if the bond issue is voted. The calculation was based on a statement furnished by the County Clerk, made in a great hurry and while rushed with business. For this reason some mistakes were made which the Clerk has corrected.

According to his statement the property in the district subject to the tax is \$863,000. There is about the sum of \$31,000 in the hands of guardians, trustees, etc., residing in the district which belongs to wards, etc., residing out of the district. This property is not subject to the tax. (McCracken Co. vs. Miller, 5 Ky. Law Rep. 865.) It is still true that there will be a deficit with a 40c levy, as shown by this calculation:

RECEIPTS.

40c on \$863,000, less 5 pr. ct. for col. \$2,279.40
286 poles at \$1.25, " " 337.50
\$2.50 per capita from State..... 752.50
From pay pupils..... 228.50
\$4,612.90

EXPENDITURES.

Annual expense as shown by Trustee's statement 4,220.00
Add 5 pr. ct. int. on \$15,000 750.00 4,970.00

Annual deficit..... \$ 357.10

The trustees promise not to increase the rate of taxation, but if the bonds are voted, they will not have the power to keep the promise, for the law will compel a sufficient levy to meet the principal and interest of the bonds, and besides they have no power to bind their successors who might oppose curtailing expenses by reducing teachers' salaries.

The trustees propose to tear down a building recently erected at a cost of about \$5,000 and put in its stead one to cost \$15,000. A south wing could be added to the present building amply sufficient to accommodate the children of THIS DISTRICT and thereby save an immense sum of money in principal and interest for the taxpayers.

The present tax rate is \$1.77 on a town mao, and if the bonds are voted there is a possibility and a probability of it being increased to \$2.47, because, as we are informed, the town rate will have to be increased next year and if the bond are voted, the school rate as we have shown will have to be increased also.

Will not this be an excessive rate on the widows and orphans, dependent on their slender incomes for support, as well as of the money borrower?

It is urged that this district can be run on a 40 cent levy because the Lancaster school is run on a levy of 25 cts. The comparison is not fair for the reason that the value of property in the Lancaster district is \$289,127 in excess of ours.

The value of property in the Lancaster district is \$1,152,127, while ours is only valued at \$863,000.

The correctness of these figures is shown by the following telegram received today and also by the statement of our county clerk. The telegram is as follows:

"LANCASTER, KY., 4-3-1902.—The taxable property on our graded school district is \$1,152,127.

E. W. HARRIS, Treas."

Mr. Cooper's statement is as follows:

State of Kentucky, County of Lincoln, ss.

I, Geo. B. Cooper, clerk of the Lincoln County Court, do certify that the amount of taxable property in the Stanford Graduated School District, about which there is no contest, is \$863,000. That the amount of property in the hands of guardians, trustees, etc., who reside in the district and whose wards, etc., reside out of the district is about \$31,000.

In making the original statement showing the value of the property to be \$802,000, I accidentally overlooked some lists, which accounts for the difference.

Witness my hand this 3rd day of April, 1902 GEO. B. COOPER, Clerk.

The undersigned taxpayers of the Stanford Graded School District are opposed to the bond issue because it will necessarily increase the rate of taxation, which is already onerous.

The State tax rate has been increased to 50c; the town rate is 40c; the county rate is 47 1-2c; the present school rate is 40c, making the total rate at present \$1.77 1-2. The town rate will have to be increased to 75c next year, we are reliably informed, and the Trustees admit that if the bonds are voted they will have the power to increase the school rate to 75c, so there is a possibility and a great probability, if the bonds are voted, of the total rate being \$2.47 1-2 on a person living in town.

Your notice of a few weeks since of a Sunday School at work in the Lord's army encourages us to give a report of the work being done at Turnersville through the earnest efforts of our superintendent. Sunday was review and, contrary to the usual custom, there was a full attendance of all the children in the neighborhood who answered promptly the questions asked by two teachers. Special mention should be made of Class No. 2.

WALKS WITHOUT CRUTCHES.

I was much afflicted with sciatica, writes Ed C. Nud, Iowaville, Sedgwick County, Kas., "going about on crutches and suffering a deal of pain. I was induced to try Ballard's Snow Liniment, which relieved me. I used three 50c bottles. It is the greatest liniment I ever used; have recommended it to a number of persons and all express themselves as being benefited by it. I now walk without crutches, able to perform a great deal of light labor on the farm. 25c, 50c and \$1 at Penney's Drug Store.

RALPH BINGHAM.—The second time, under the auspices of the Young Ladies' Aid Society of the Presbyterian church, has Mr. Ralph Bingham faced a Stanford audience. With only a few months intervening between his appearances and the fact that Walton's Opera House was crowded Tuesday night, gives evidence greater than language of Mr. Bingham's ability as an entertainer. From start to finish, Mr. Bingham had his audience thoroughly attuned in harmony with himself. If the deeper diapason chords were not touched, it was not because he is not capable of reaching the whole gamut of human feelings, but, as he says, it is not the vox humana, but the jubilante that people wish and, indeed, he is a genius in mirth reciting anecdotes; not only what he says, but the way in which he says it; his parenthetical clauses, his side speeches keep one on the qui vive, and not recovering from one exhausting fit of laughter before he is on to another. For one man to be a show in himself, he must be a genius, and that is the category in which we place the gentleman. He is said to be the most versatile monologist on the stage; adding to this his abilities as a vocalist and violinist. We have no hesitancy in saying he is most thoroughly enjoyable and well worthy the patronage of the public. As an accompanist, Miss Myrtle Abrams, a recent addition to Stanford society, deserves every praise that can be bestowed upon a young lady musician. With no opportunity for practicing with him, yet the accompaniment was without an unharmonious chord or accent. Her technique was fine and coming as she was, a surprise to the audience, with a desire to aid the entertainment and the young ladies in their work, made it doubly pleasing and we are sure all feel grateful to her.

HOCKER.—William Hocker, who was born in this county and who had many friends here, died in New York City a few days since. Hocker, of Lexington.
